

BACKBUTLER

HYGIENE UND KOMFORT FÜR IHREN RÜCKEN - THE BACK BUTLER, YOUR CARE EXPERT

The "Back Butler" is an innovative hygiene product specifically designed for easy and thorough cleaning of the back. This practical shower aid, intended for people of all ages and especially for those with limited mobility, significantly eases personal care. Whether in the home bathroom, hotels, or medical facilities - the "Back Butler" is used wherever hygiene and independence play a vital role. A distinctive feature is the replaceable washcloth, which ensures hygienic use.

Developed in Germany, this hygiene helper stands for quality, durability, and innovative care solutions.

SURFACE PREPARATION

Choose a suitable spot on the shower wall. The surface must be free of grease and dust to ensure strong adhesion. Clean the surface thoroughly and allow it to dry completely.

EASY MAINTENANCE AND DURABILITY

The replaceable washcloth is not only hygienic but also easy to clean. This ensures long-lasting use and underscores our commitment to quality and sustainability.

SELECTION OF THE MOUNTING SYSTEM

For rough surfaces, we recommend the DUAL LOCK ADHESIVE PADS. Remove the protective film and press the adhesive pads firmly against the rough surface.

WAIT 72 HOURS BEFORE LOADING THE BACK BUTLER TO ENSURE OPTIMAL ADHESION

For smooth surfaces, use the SUCTION CUPS. The suction cups allow for quick and easy attachment of the Back Butler to smooth surfaces without the need for tools or drilling.

IMPORTANT SAFETY INSTRUCTIONS

USE BY CHILDREN: Only under adult supervision. Parents or caregivers must monitor the use of the Back Butler to ensure safety and correct application.

NOT FOR MEDICAL PURPOSES: The Back Butler is designed solely as a personal hygiene aid and is not intended for medical purposes or for treating specific health issues.

CONTACT IF UNCLEAR: If you have any questions about the use or safety of the product, please contact our customer service.

DISCLAIMER

We accept no liability for damages resulting from incorrect or improper use of the product. The product and related materials are to be used solely for their intended purpose. Use by children should only occur under adult supervision. Please follow the installation instructions carefully to ensure safe and correct application.

IDEAL FÜR MENSCHEN MIT BEWEGUNGSEHNEREIT

VORBEREITUNG DER OBERFLÄCHE

Wählen Sie eine geeignete Stelle an der Duschwand aus. Die Oberfläche muss fett- und staubfrei sein, um eine starke Haftung zu gewährleisten. Reinigen Sie die Oberfläche gründlich und lassen Sie sie vollständig trocknen.

EINFACHE WARTUNG UND LANGLEBIGKEIT

Der austauschbare Waschlappen ist nicht nur hygienisch, sondern auch leicht zu reinigen. Dies gewährleistet eine langanhaltende Nutzung und unterstreicht unser Versprechen von Qualität und Nachhaltigkeit.

AUSWAHL DES BEFESTIGUNGSSYSTEMS

Für raue Oberflächen empfehlen wir die DUAL LOCK KLEBPAUS. Entfernen Sie die Schutzfolie und drücken Sie die Klebpaus fest gegen die raue Oberfläche.

WARTEN SIE 72 STUNDEN, BEVOR SIE DEN RÜCKENBUTLER BELASTEN, UM EINE OPTIMALE HAFTUNG ZU GEWÄHRLEISTEN.

FÜR GLATTE OBERFLÄCHEN VERWENDEN SIE DIE SAUGNÄPFE

Die Saugnäpfe ermöglichen eine schnelle und einfache Anbringung des Rückenbutlers an glatten Oberflächen ohne die Notwendigkeit von Werkzeugen oder Bohren.
